**TRANSCRIPTION #110- LETTER FROM AL-MARRI DATED 7-10-06**

Dear Andy

Peace be upon who follow the guardian

Today I wrote a chit to the C.O. about protesting peacefully my confinement condition in here & fighting them out in the court. So I covered the camera the food slot & the door's window.

Today also I received her answer on my complaint about suffering pain & tingling from the lack of medical mattress & the disk and her answer was "Noted."

I will send you anything. I think would be helpfull (*helpful*) and up to date w/the things in here.

You know, it is very odd my situation here. I don't wish to make things harder for them here, but I am doing it and they do not wish either to make things harder for me, but they are doing it. That sounds & looks like hypocrisy (*hypocreaceae*), but it is not b/c sometimes they do small things I ask for it shows me that they mean no harm to me.

Sincerely

Yours

Ali

P.S. - Please send me some information about the effect of & the symptoms of isolation. I need that so I would know what to be aware off and to warn of it before it get worse or irreversable (*irreversible*) & try to make it some what specific. Take your time in this but make it good.
